

**CERTIFICATION PROGRAM****Examination Score Report****VINITHA NEELI****Oracle Testing ID:** OC1819077

1Z0-808 Java SE 8 Programmer I

**Exam Date:** 09/05/2018**Registration:** 340836391**Center ID:** 56021**Your
Score:** 85%**Passing
Score:** 65%**Result:** Pass

Feedback on your performance is printed below. The report lists the objectives for which you answered a question incorrectly.

- Apply encapsulation principles to a class
- Compare and contrast the features and components of Java such as: platform independence, object orientation, encapsulation, etc.
- Declare and initialize variables (including casting of primitive data types)
- Define the structure of a Java class
- Describe the advantages of Exception handling
- Develop code that makes use of polymorphism; develop code that overrides methods; differentiate between the type of a reference and the type of an object
- Recognize common exception classes (such as NullPointerException, ArithmeticException, ArrayIndexOutOfBoundsException, ClassCastException)
- Test equality between Strings and other objects using == and equals ()
- Use abstract classes and interfaces
- Use super and this to access objects and constructors

If this is the final exam in your certification path, you are required to complete the following steps.

- Visit certification.oracle.com and select your certification path to ensure you are aware of all certification requirements.
 - Note that completion of the required training and approval of the course submission form are also required in paths that require training.
- Check certview.oracle.com to confirm that all completed components are in your profile.
 - If exams that you have taken do not show up, you may have taken them under a different Oracle Testing ID.
 - Contact www.pearsonvue.com/oracle/contact to merge your IDs (provide all IDs under which you have taken exams or submitted forms and confirm which ID should be the 'surviving id').
